Subject: Microsoft Settlement

Greetings,

As a consumer, I am in support of the settlement of the DOJ lawsuit vs. Microsoft now on the table. In my opinion, the settlement is fair and should be enacted ASAP to assist the nation's economic recovery.

I own no shares of Microsoft stock and share this opinion as a user of products and services of Apple, America Online, and Microsoft corporations. I am neither an employee nor beneficiary of Microsoft Corp.

Sincerely,

Kurt A. Buechler
